[AR-1299.pdf](#)

Hi Damien,

Please see the attached letter. The supporting documents and data to this letter can be found on the Merrimack Station web site under Administrative Record (near the bottom of the page). Once the record comes up, you can click twice on the arrows at the top of the date column and the records will sort by date – newest to oldest (as an easier way to find them).

Mark and Sharon –

Do either of you have the February 29 (I think that's correct date) PSNH response to our 308 on temperature data? Eric is on a/l today and a reporter from NH wants it. Please let me know. Thanks.

Damien
